SELF-STUDY

Online: SCACPA has partnered with Smart Pros to offer The Continuing Professional Education Center, and with Surgent to offer the Essential CPE Collection and Webinars on Demand. These companies offer hundreds of course titles and thousands of hours of accredited CPE. There are several subscriptions to choose from with a compelling collection of courses in accounting and auditing, taxation, management, personal development and more. For more details or to purchase, visit www.scacpa.org/selfstudy.

SATELLITE SEMINARS

Business Professional Network (formerly ACPEN) produces between eight and twelve full-day programs that provide eight CPE credit hours (400 minutes) in the form of live, interactive video. These programs are beamed by satellite to up to five satellite downlinks in South Carolina. CPAs gather at these downlink sites, watch the live program and ask questions of panelists by calling in or faxing questions. If the prices at the pump are breaking your budget, try this CPE method in your local area. The 2011 locations for these seminars are Bluffton, Charleston, Columbia, Greenville and Myrtle Beach. Learn more about satellite seminars at www.scacpa.org/satelliteseminars.

WEBINARS (LIVE)

Webinars are growing as a source of CPE credit among our members. It doesn't get any more convenient than this! Live, group-study webinars are taken right at your home or office computer. And you won't miss a beat - you'll still benefit from live interaction with an instructor and through the ability to ask questions during the presentation! Join the thousands of CPAs across the country who have taken advantage of this easy and convenient format! Learn more about this option at www.scacpa.org/webinars or search the online catalog at www.scacpa.org/coursecatalog, under the advanced search option.
